

PROFESSIONAL SUMMARY

Software Engineer with 5+ years of experience building scalable web applications using Laravel, RESTful APIs, and modern JavaScript frameworks. Strong focus on backend development, with hands-on experience integrating dynamic frontend interfaces. Experienced across the full SDLC, working with legacy systems, and delivering reliable, production-ready solutions.

SKILLS

- PHP
 - JavaScript
 - Docker
- Laravel
 - Tailwind / Bootstrap
 - Git
- React
 - MySql
 - Linux
- Agentic Development
 - Flutter
 - CI/CD

WORK EXPERIENCE

WebSolutionUS

2022 – Present

Senior Software Engineer (Remote)

Design and maintain scalable backend systems, lead development teams, and deliver high-performance web applications.

- Architect and develop scalable server-side applications using Laravel, ensuring performance, security, and maintainability
- Design and implement RESTful APIs for seamless integration with web and mobile platforms
- Lead and mentor a team of developers, improving code quality through reviews, best practices, and structured workflows
- Collaborate with cross-functional teams to deliver robust and user-focused solutions

LSKIT

2021 – 2022

Full Stack Developer

Responsible for developing end-to-end web application features, bridging frontend and backend systems, and delivering scalable solutions across multiple business domains.

- Delivered end-to-end features across e-commerce, ERP, and SaaS platforms, handling both backend (Laravel) and frontend development
- Developed and consumed RESTful APIs to connect frontend interfaces with backend services and third-party systems
- Built interactive, responsive user interfaces using modern JavaScript frameworks, improving usability and user experience
- Translated business requirements into functional features, ensuring seamless integration across the application stack

Freelance

2020 – 2021

Jr Developer

Responsible for developing backend features and supporting client projects by translating business needs into functional solutions.

EDUCATION

Bachelor of Science in Computer Science and Engineering
Bangladesh University (BU)
2023 – Current

Diploma in Computer Science
Shyamoli Ideal Polytechnic Institute, Dhaka
July 2018 – June 2023
